

KREAMER STREET ELEMENTARY SCHOOL
Bellport, New York

September 14, 2017

Dear Parents:

I would like to take this opportunity to inform you that in the coming weeks we will continue practicing our fire drills and will also incorporate other safety precautions. "Lock Down Drills" will be planned, wherein students remain in their classroom behind a locked door in case an intruder had entered the building. Students will also experience a "School Evacuation Drill", wherein the school is evacuated in case a bomb threat had been received or another situation had occurred to warrant the children leaving the building.

The staff will discuss these plans with the children and emphasize that they are safe in school and that these drills are to continue to ensure their safety in case of emergencies.

Finally, you may wish to practice a home fire drill to instruct your children what procedures to follow in your home should an emergency occur.

Thank you for your cooperation.

Sincerely,

Sean F. Clark
Principal
